Jackson County

one of the

Richest Counties in the State

Our Congratulations

to the Follies' backers, the Newport Service
League, which has grown like a bale of cotton
from a tiny cotton seed.

★ ★ ★

R. D. WILMANS and SONS

President's Message

It gives me much pleasure to welcome you to the Service League Follies of 1955.

Most of you are familiar with the work we do, and you know that only with the co-operation of the entire community are we able to assist the underprivileged and needy children. If each of you could be in our welfare room and see the look of delight on the face of a little girl when she puts on a pretty dress, you would feel amply repaid for your effort.

This year there has been more need

of services than ever before and that means we must call on you more often. Be assured that each and every member of the League deeply appreciates the effort of each of you—our advertisers—our patrons—our cast . . . and many more of you who have given time, talent and money to our one big project of the year.

We hope you enjoy the show and that we continue to have your wonderful support for many years to come.

Sincerely,
Clemie Jones

Well-Child Program

One of the most important contributions to the welfare of the people of Newport, both present and future, is the aggressive campaign conducted constantly to educate parents and provide adequate medical and dental care to all pre-school children, regardless of the parents' financial status. This service is rendered through the well-child conference which meets monthly. The doctors, dentists, health nurses and sponsoring and co-operating organizations give freely of their time to the conferences. The Service League of Newport, American Legion Auxiliary and P. T. A. all provide volunteer workers. Parents are visited, explanation given them on a personal basis, transportation provided if needed, and an intensive campaign is carried on to bring children to the conference.

The following brief summary is adequate evidence that the educational campaign is showing dramatic results. Medical

conferences are held for both white and colored children. In 1954 124 infants were examined by the doctors and health recommendations were made. 334 school children were examined. 471 children were given typhoid immunizations and 246 typhoid booster shots were given. 346 children were given diphtheria, whooping cough and tetanus shots. 44 children were given gamma globulin shots. All the children old enough had dental and eye examinations.

Through the co-operative efforts of the doctors, nurses, newspapers, radio, health department and volunteers from assisting groups, the people in Newport are thoroughly conscious of the importance of its children's health, and are actively supporting the well-child conference program.

Chairmen of the well-child program in the Service League for this year are: Maurelle Ponder and Mary Fullenwider.

Congratulations

to the Newport Service League on your excellent work during

the past year and

"We Never Close"

School Lunch Project

Forty-three children are being provided daily lunches in the Newport school cafeterias, Walnut Street, East Newport, Gibbs Albright and Judson Hout schools. Children are referred for the lunch program by their teachers.

The principals of the schools say they feel many of the children thus fed receive their only adequate meal a day at the school. As we all know, his best work

cannot be done by a hungry child, hence the real value of this service is immeasurable. The League well knows that there are many more than 43 children that need food and we hope to be able to increase this service.

For this school year the Service League will spend fifteen hundred dollars on its Lunch Program.

TO OUR UNSUNG, UNSEEN CAST

Are you a male hero
Who fiddled like Nero
While wife did her Follies rehearsing?
A tired grandmother—
A poor teen-age brother—
Who sat with the kiddies conversing?

We cheer you neglected
Forlorn and hen-pecked—
We'd love to write lyrics about you
We hope that you know
That this is your show—
We couldn't have done it without you.
